

**RESEARCHER'S CERTIFICATE**

This form is to be used to certify that every researcher is fully committed to participate in the research project and responsible for ensuring observance of contractual obligations. All participating researchers on behalf of the University must sign this certificate once the respective consortium agreement has been signed. Any newcomer researchers must sign the certificate upon their entry into the project. All signed certificates shall be registered and archived under the same registration number as the contract with the funder.

According to the provisions of the grant agreement, the partners must ensure that all appointed researchers are aware of the terms and conditions of the contracts for the implementation of the project. As the University of Borås is the formal party to the contract with the Funder and other partners, it is necessary to have individual acknowledgement from each participating researcher in order to enable the University to fulfil its contractual obligations.

By signing this form, the researcher declares that he/she has read and understand the agreement(s) covering the scientific collaborative research for carrying out the project (i.e. the Grant Agreement and, if applicable, the Consortium Agreement). Furthermore, he/she accepts and agrees to all of its terms and conditions, including those concerning intellectual property, confidentiality, and dissemination of results in connection with the implementation of the project. Researchers also have the obligation to keep the Principal Investigator informed about any event or change of circumstances that may affect the project.

The researcher hereby grants to the University of Borås a licence to use his/her proprietary background information made available and any generated research results to the extent required for the implementation of the research project, and in accordance with the terms of the respective agreements.
