The background of the entire graphic is a photograph of several European Union flags waving on tall poles against a bright blue sky with scattered white clouds. In the lower right corner, a portion of a modern building with a glass and metal facade is visible. The text is overlaid on this background. The main title is in a large, bold, black sans-serif font. Two teal-colored circles are positioned in the lower-left area, containing additional text in white. The overall composition is clean and professional, emphasizing the European Union's role in the Erasmus+ program.

INSEEC Grande Ecolé

INSEEC Grande Ecolé has three different campuses of which two are open for exchange students from Borås: Paris and Lyon. It is important to note that exchange students are not guaranteed their first-choice campus as placement depends on course availability and number of places available. Additionally, not all campuses have historically been available during the application process.

INSEEC has a rather practical approach in teaching, where a majority of the teachers come directly from the industry. It is important to note that the semester might be shorter in comparison to other partner universities but is also perceived as intense and students should be aware school days at INSEEC tend to be rather long. The schedule is never consistent due to the high level of practitioners and requires students to be flexible. It can even be so that lectures are held on a Saturday.

Students will apply to a fixed course package of 20 ECTS where students may influence the remaining 10 ECTS by choosing a track: *Finance, Marketing, or Management*. Although it says courses are taught at master's level, these are available for exchange students from Borås due to the academic structure of INSEEC.

One academic semester of full-time studies correspond to 30 ECTS.

This partner is suitable for all specialisations within your programme.

Number of places: 4 students per academic year (admission in Spring only)
2 places are dedicated to ACEKO

Academic Calendar 2025/2026:

- Spring semester: 7 January – 30 April 2026

ISM – International School of Management

**The International School of Management (ISM) has been one of the leading business schools in Germany for over 30 years. With our study programs, we prepare young people for management tasks in national and international companies. All lecturers at the ISM are experienced practitioners from the economy. In this way, a high practical relevance and the topicality of the teaching contents are ensured. Small study groups provide learning success.”³*

Exchange students from Borås are encouraged to study the **International Business Certificate Program**. The program consists of six courses with 5 ECTS credits each. Thus, students enrolled in the ISM Business Certificate program can earn 30 ECTS credits in one semester.

Every student at ISM is required to buy a semester ticket (valid for 6 months) of the local public transportation provider of approx. 210 € per semester.

This partner is suitable for all specialisations within your programme depending on campus:

- Dortmund: *All specialisations*
- Frankfurt: *Marketing and Accounting*

Hochschule München University of Applied Sciences (HM)

“HM Hochschule München University of Applied Sciences is the second largest university of applied sciences in Germany. Our 18,000 students and our location in a leading European business centre afford fantastic opportunities, but also mean we have a responsibility in industrial, economic and social contexts.”⁴

Students within your program study during from Summer semester (March-July). Business exchange students are to choose courses from Department 10 (Marketing student may also choose from Department 12).

Final course selection and registration do not take place until you have arrived in Munich. If you have to put together a Learning Agreement or study plan beforehand, please use the lecture timetables from the previous semester as a guide or ask your departmental coordinator at HM for advice. The Learning Agreement can be changed after the student has arrived. One academic semester of full-time studies correspond to 30 ECTS.

“Courses in courselists are colour-coded

In order to help students with their course selection, our courses in English are classified as follows:

- *Courses marked “green” are open to all (exchange) students from all departments.*
- *Courses marked “yellow” are open to all (exchange) students, but students enrolled in the department offering the course will be given priority.*
- *Courses marked “red” are only open to (exchange) students from the department offering the course.”*

Reutlingen University

“Reutlingen University is one of Germany’s leading universities, offering international academic programmes with close ties to industry and commerce. On our campus we have around 5400 students spread across five different schools: Applied Chemistry, Engineering, ESB Business School, Informatics, and Textiles and Design.

The city of Reutlingen is situated in an attractive region at the foot of the range of hills known as the Swabian Alb, near to the valley of the river Neckar. Reutlingen can trace its roots back to the 5th and 6th centuries. Nowadays it is a modern industrial centre with a strong service sector; it has more than 110,000 inhabitants and provides employment for 50,000 people, making it the biggest economic hub in the south Württemberg area. Reutlingen offers outstanding shopping facilities, a large market – held twice weekly – , a prize winning library, numerous museums and a multitude of cafes, restaurants and bistros. Service industries and trade are the city’s main hallmarks. Art, music, dance, ballet and opera can be enjoyed in the state capital Stuttgart, around 40 km to the north, and in Reutlingen’s neighbouring city of Tübingen. ”⁵

University of Twente

“The University of Twente is a multicultural community of talented, ambitious people that offers students, scientists and educators from around the world the best possible conditions. Like our innovative and vibrant campus with world-class facilities for crossing boundaries and solving complex problems.

The University of Twente stands out among universities by offering unique and highly successful educational programmes. It does so by leading the way in responding to the demands of society and creating relevant combinations between disciplines. The ever-evolving world of technology showers us with opportunities but also gives rise to new questions and dilemmas. By combining research areas, the University of Twente provides an effective response to these challenges and succeeds in answering the questions posed by society: High Tech Human Touch.”⁹

Exchange students from ACEKO are recommended to explore the course offer in *BMS – Business Administration*, however, other courses might be of relevance as well. Twente has a structure like the University of Borås where most course packages are divided into two study periods (A or B).

Krakow University of Economics

“The Krakow University of Economics (KUE) is a modern university with traditions dating back to 1925. It conducts extensive scientific research and is currently educating 15 000 students.

The University is one of the largest centers for economic research and sciences in Poland. KUE students acquire their knowledge in three organizational units: College of Economics, Finance and Law, College of Economics and Public Administration and College of Management and Quality Sciences.

Student life in Krakow is the benefit of studying in our city. With plenty of higher education institutions set in the city, Krakow is certainly an attractive place to study and place of funny living. If you keep your eyes open, you can see many nightclubs, coffee shops, restaurant, etc. Especially in old Jewish Quarter Kazimierz and the Main Square area. Don't make a line for the nearest fast-food. Krakow serves catering to all tastes.”¹⁰

INHA University

“INHA University boasts a long tradition and heritage focusing on the natural sciences and engineering, and has produced generations of qualified engineers, entrepreneurs, and experts in various industrial sectors.

Incheon, INHA University’s hometown, especially since the opening of Incheon International Airport, is now gearing up to become a hub of international logistics and business for the Northeast Asian region.”¹¹

INHA University is located in Incheon, Korea’s third largest city by population (3 million). Seoul is located approximately one hour by metro, an affordable way for students to transport.

Exchange students from Borås are required to study minimum 6 courses, often corresponding to 18 INHA credits. Often, students must combine courses from different departments. In the application, exchange students apply for one department and will be given priority to these courses during registration. At the second step of the registration, exchange students may select courses from other departments as well, but on the principle first come, first served.

18 credits at INHA is equal to 30 ECTS. One academic semester of full time studies correspond to 30 ECTS. This partner is suitable for all specialisations.

Examples of courses that previous students have studied are (with the specialisation Management):

- Organizational Behaviour (3 credits)
- Business Communication (3 credits)
- Digital Marketing (3 credits)
