The Erasmus+ traineeship may be carried out in three different ways. What kind of traineeship are you applying for?

1: traineeship embedded in the curriculum (part of your study programme, counting towards the degree).

2: voluntary traineeship (outside the study programme).

3: recent graduate (taking place after the study programme).

For recent graduate traineeship:

Are you currently studying the last semester of your programme?

YES NO

For recent graduate traineeship:

One of the requirements is that the student should apply for the degree diploma as soon as possible once the study programme has finished. Do you intend to apply for the diploma as soon as possible?

YES NO

Are you planning to do the traineeship with a course?

Yes, with a course that is included in my study programme (mandatory for option 1)

Yes, with a freestanding course not included in my study programme (for option 2 and 3)

No, I will do a non-credit traineeship (for option 2 and 3)

If yes, please provide the following information

Name of the course			
Name of the course coordinator		Ladok code	
Starting date of the course in ladok		Ending date of the course in ladok	

Note! Being accepted for an Erasmus+ traineeship does not equal being admitted and/or registered to the course. It is the student's responsibility to register to the course in ladok. Only students registered to the course who pass the examinations may receive credits.

Describe thoroughly the main tasks during the physical mobility of the traineeship

If applicable: describe thoroughly the main tasks of the virtual component of the traineeship.

Is the traineeship in digital skills*?

YES NO

***Traineeship in digital skills:** any traineeship where trainees receive training and practice in at least one or more of the following activities: digital marketing (e.g. social media management, web analytics); digital graphical, mechanical or architectural design; development of apps, software, scripts, or websites; installation, maintenance and management of IT systems and networks; cybersecurity; data analytics, mining and visualisation; programming and training of robots and artificial intelligence applications. Generic customer support, order fulfilment, data entry or office tasks are not considered in this category.

Describe in which way the traineeship is relevant to your study programme and your future professional life.

Top-up for green travel

Agreement and signature

Student
By signing the application form, I confirm that...
...I understand that in order to be eligible for the top-up for green travel, supporting documents proving that the main means of transport is an environmentally friendly one has to be sent in after the travel has taken place.
...I understand that "student UT" (the student group insurance) only applies to direct travel between Sweden and the traineeship country. If I do not travel as directly as possible to the traineeship country, I need to review my insurance coverage to make sure I have a private insurance that is valid during the trip to and/or from the traineeship country.
... I understand that if I belong to the group "students with children" and/or "students with long-term (at least 6 months) or permanent disability" and want to receive a top-up, supporting documents must be submitted in person or by post for the application to be considered complete.
...the information provided in this form is correct.
